

MEMORANDUM OF UNDERSTANDING

between

CROATIAN ACADEMY OF ENGINEERING

and

HUNGARIAN ACADEMY OF ENGINEERING

The Croatian Academy of Engineering (HATZ) and the Hungarian Academy of Engineering (HAE), noting that their goals and operational principles are similar, will promote their co-operation by

- exchanging publications, information on conferences, seminars etc.
- acting as a link for direct exchange of information between academic institutions and industry in each country
- organising joint seminars of mutual interest
- receiving delegations - recommended by the President of the HATZ or HAE from universities, research institutes and industry on matters of mutual interest and benefit
- common participation in international projects.

This Memorandum of Understanding has been signed in four copies and is valid until decided otherwise. It can be revised after negotiations or made invalid when demanded by one of the academies.
